IV. Dashboard review

- a. STIs- discussion on in school health- opportunities and barriers
 - i. Joyce- any opportunities for in school health- committees meeting? Mariola- school just reopened, hardly anyone coming in

due to A/B schedules, still have choice to remote learn. Not sure how we will do in person groups. GYT events this past fall-scheduled testing times. Per Phoebe- had 7 at Peoria High. Deric K (hopped on call briefly), great setup, problem of kids just not at school. 40 kids signed up, but had to find “excuses” to get there. Problem with trying to be discreet.

- ii.** What other ways can we reach students/parents? Newsletters, parent groups, etc
 - iii.** 5 P’s on hold due to COVID
- b. Outreach
- i. Planned Parenthood involvement for LGBTQ education?
 - ii.** Melissa B- review of community health worker role
- c. Preterm Birth
- i.** CenteringPregnancy update from Michelle
 - ii.** Discussion on possible Centering site at High Schools? Is this a possibility?
 - iii.** Home visiting- training for all the home visitors in the area?
 - iv.** Review of IRIS referral system

V. Next Steps/Action Items

- a. group structure discussion
 - i. decided to keep whole group discussion vs individual breakouts until increased participation or back in person
 - ii. if groups feel the need to meet in between meetings they can

Next meeting:
