

Partnership for a Healthy Community Board Meeting

May 27, 2021
1:00pm-2:30pm
Teams

AGENDA

1. **Approve 04/22/2021 meeting minutes (Action) (Pages 2-3)**
2. **Board Business**
 - a. Partnership presentation for CEDS (Information) (*Chris Setti*)
3. **Committee Updates**
 - a. Mental Health & Substance Use
 - b. HEAL
 - c. Cancer
 - d. Data Team
4. **Member Announcements**

Next Meeting:
Thursday, June 24, 2021
1:00pm-2:30pm
TBD

Partnership for a Healthy Community Board Meeting Minutes April 22, 2021

Members Present via Microsoft Teams:

Monica Hendrickson
Chris Setti
Holly Bill
Beth Crider
Jennifer Zammuto
Sally Gambacorta

Lisa Fuller
Larry Weinzimmer
Ann Campen
Greg Eberle
Joel Shoemaker
Adam Sturdavant

Others Present:

Amanda Smith
Amy Roberts

Kaitlyn Streitmatter
Shanita Wallace

Approval of 03/25/2021 Meeting Minutes

Ms. Hendrickson made a motion to approve the meeting minutes from the March 25, 2021 meeting. Motion was seconded by Mr. Setti. Motion carried (12,0).

Board Business

CEDS Presentation

Mr. Setti presented on The Big Table: Greater Peoria 2021-2025 Comprehensive Economic Development Strategy. Mr. Setti noted that CEDES is a tool for organizing and coordinating a region's economic development goals and an official document that increases access to critical funding resources. He stated this information is available on their website:

www.greaterpeoriaedc.org/strategy.

New Board Member Orientation

Ms. Bill created a New Board Member Orientation packet. Ms. Bill is looking for help in filling in some of the sections and will need someone to proof the packet when it's complete. She is open to feedback and suggestions. She is needing Board Members roles and responsibilities, current/past Board Members with their contact information and their roles, as well as their term dates. Once this is completed, the Chairs would go through the packet with the new Board Member. If you're interested in helping, please email Ms. Bill.

Draft of the CHNA

Mr. Weinzimmer reviewed the draft of the Community Health Needs Assessment. Anything highlighted in green is being added, anything highlighted in blue needs to be discussed, and anything highlighted in red is being suggested to take out. The Board discussed whether they need to assess having the Internet question on the CHNA. Ms. Zammuto suggested just asking the question if the survey participant has access to the Internet and take off all the other Internet questions. Ms. Hendrickson stated that with housing and asking what the condition is, that condition could be perception-based. She stated having check boxes, for example: does your house have running water, does your roof leak, etc. Ms. Zammuto noted to have a statement in italics noting this information would not be reported, as some participants might be afraid to mention this for fear of getting kicked out of their housing, which could be said in the introduction paragraph. Mr. Setti noted to add air conditioning to the check box options and Ms. Hendrickson suggested

continuous electricity and Internet. Ms. Zammuto stated that 211 could walk patients through the survey as well. The Board discussed survey fatigue and duplication in the community, as it was noted that there is another group looking at data specifically in Peoria that is led by Dr. Aiyer. If you have any other feedback for Mr. Weinzimmer, please send him an email. A meeting will be arranged between Ms. Hendrickson, Ms. Fuller, and Mr. Weinzimmer to get connected with the UICOMP group.

Committee Updates

Mental Health & Substance Use

Ms. Bill stated she did not have a lot of updates, as the group will be meeting on Monday. The Teams breakout sessions last month session do not work very well, especially for those who called in. The large group will be staying together this next meeting. The action teams are going with their leads and are meeting outside of this large meeting.

HEAL

Mr. Eberle stated they had their meeting in April and are working on their data dashboard with Amanda Smith. They have narrowed down their workgroups to focus on the objectives. They have a plan to start moving forward with filling out the data points. Shanita Wallace shared a visual for their Objective 3 on Food Insecurity. They would like to starting focusing on the insecurity screenings. They came up with a list of HEAL partners that have been attending their meetings that are currently doing the insecurity screenings, but they know they do not have everyone on their list. They are asking for the help of the Board to identify those partners that they have not identified. They currently have all three WIC's on their list, as well as UnityPoint, OSF-Faith Community Nurses, OSF Offices, and Heartland Health Services. If Board members know of an organization currently screening for food insecurity, please send an email to Mr. Eberle or Shanita Wallace.

Cancer

No one was at the meeting to report for Cancer.

Data Committee

Amanda Smith stated they have been working with Mr. Weinzimmer on the CHNA. They are continuing to work on the dashboards as well. Some zip code level data has been sent out to the Cancer team for more targeted interventions. They will be working at identifying resources available for data collection. Amanda is unsure if the Data Committee has all the right people included in their meetings. She is unsure if they have representation from all of the Health Departments, as well as UnityPoint. If you have someone in mind that needs to be invited, please let Amanda know. The distribution list will be sent out after the meeting for the Data Committee and if you know of someone else that needs to be added, please reach out to Amanda.

Member Announcements

Shanita Wallace stated in Amy Fox's absence that she was announcing the drive-thru clinic that will be at the Tremont campus Thursday-Sunday from 8:30-5:30 for the next 4 weeks.

Next Meeting: May 27, 2021
